

3-HORSE SLANT LOAD

GOOSENECK Living Quarters Shell

At 4-Star Trailers, we are experts in horse trailer design and manufacturing. We do what we do best: Design and build safe, durable, user friendly trailers. Living quarters are installed by an expert interior conversion company chosen by you and your 4-Star dealer.

When we receive your order for a trailer with living quarters, we layout your wants and needs based on a standard model. We engineer the LQ shell to your desires and the interior conversion company's specifications. Up until now, this custom conversion to fulfill your needs required extensive alterations of adding and deleting options.

We have since created a more convenient and economical way for our customers to realize their dream trailer with 4 new base model LQ's ranging from 2 to 5 horse slants. By bundling options common to most LQ trailers, we have brought you new base models at a significant savings.

All 4-Star Trailers Come With Our

8 YEAR WARRANTY
